# OUR VISION STATEMENT

We are dedicated to seeing a new generation of Nigerians with integrity, high moral standards and positive value systems.

**OLIVE CONFERENCE** is an annual gathering of Ministers, Teachers, and Volunteers that are passionate about Children/Teens Ministry.

It is a meeting organized to equip, educate and empower people through real conversations, workshops and seminars. We hope to motivate people to take fresh look at their work with Children/Teenagers in order to re-evaluate and improve on it.

Our team consists of Educators, Pastors, Children/Teens Ministers, Parents, Teachers, writers, editors, designers and other Christian professionals from all walks of life and of different generations; all volunteering to provide resources.

# OPENING ADDRESS

Since last year, we have started the drumbeat of Parents' vital roles to be the spiritual leaders in their homes.

No one has the potential to influence a child's life more than the Parents.

Children/Teenage teachers have also been encouraged to take steps necessary to create a robust collaboration with Parents—because what you do matter. No one commands the uniquely vital role you can play.

This year, we are taking it further and receiving guidance from our Pastors.

There will be authentic conversations and life-changing take-aways.

Thank you for making out time to be here.
